- The *High School Water Polo Team* and *High School Water Polo Swim Training* options are for those members who will not be participating in water polo during the winter because of high school swimming.
- If you are interested in taking part of the *CMAC Swim Team* with Coach Neil and not the *Water Polo Swim Training* with Coach Nick, please contact Kim Baker to discuss the price difference.
- You will note that there is a price difference between the year round payment and the per session payment. The difference is the administration fees. These fees are charged every session for the pay per session as with all of our programs that we currently offer. The system for paying by the month requires less administration after the first enrollment.
